## AST AST20 260100 plain bearings

100% Authentic. AST AST20 260100 plain bearings Highest Quality. Tapped Base mounting: Certified Supplier.

| mounting:                     | Tapped Base                   |
|-------------------------------|-------------------------------|
| finish/coating:               | Nickel Plated                 |
| d                             | 1.0000 in                     |
| В                             | 1.46 in                       |
| bore type:                    | Round                         |
| operating temperature range:  | -20 to +225 °F                |
| base to bore centerline:      | 1.4400 in                     |
| radial dynamic load capacity: | 3146 lb                       |
| duty type:                    | Normal Duty                   |
| radial static load capacity:  | 1769 lb                       |
| housing material:             | Polymer                       |
| base width:                   | 1.49 in                       |
| locking device:               | Adapter Mounted               |
| D                             | 2 in                          |
| seal type:                    | Contact/Lip                   |
| lubrication type:             | Lubrication Fitting           |
| expansion type:               | Non-Expansion Bearing (Fixed) |
| series:                       | 205                           |
| overall length:               | 3.2500 in                     |
| manufacturer catalog number:  | 129538                        |
| overall height:               | 2.8900 in                     |

|                | UL, AFBMA, AGMA, ASMMA, BSA, |
|----------------|------------------------------|
| standards met: | CMA, MPTA, PTDA, ISO 9002    |
|                | Certified                    |
