

# FAG 22317-E1-K-T41A + H2317 spherical roller bearings

FAG 22317-E1-K-T41A + H2317 spherical roller bearings with 80 mm D easy-to-use parts graphics, giving you the ability to check parts availability, pricing, examine remanufactured options. 30 mm d

|                                  |  |
|----------------------------------|--|
| d                                | 30 mm                                  |
| axial dynamic load capacity:     | 24100 lbf                              |
| D                                | 80 mm                                  |
| axial static load capacity:      | 59600 lbf                              |
| B                                | 66 mm                                  |
| maximum rpm:                     | 1300 RPM, 4400 RPM                     |
| bearing type:                    | Needle Roller/Axial Cylindrical Roller |
| closure type:                    | Open                                   |
| thrust directions:               | Double-Direction                       |
| radial bearing outside diameter: | 68 mm                                  |
| operating temperature range:     | -30 to +120 °C                         |
| fillet radius:                   | 0.6 mm                                 |
| radial dynamic load capacity:    | 5800 lbf                               |
| cage material:                   | Plastic                                |
| radial static load capacity:     | 10600 lbf                              |
| series:                          | ZARN                                   |
