

# IKO RNA 4918UU needle roller bearings

How do I place an EMERGENCY order for a IKO RNA 4918UU needle roller bearings that I want to 1330000 N static load capacity: pick 400 mm D up at a our 220 mm d store?

|                              |                                |
|------------------------------|--------------------------------|
| d                            | 220 mm                         |
| static load capacity:        | 1330000 N                      |
| D                            | 400 mm                         |
| precision rating:            | Not Rated                      |
| B                            | 65 mm                          |
| maximum rpm:                 | 2600 RPM                       |
| flanges:                     | (2) Outer Ring, (1) Inner Ring |
| cage material:               | Brass                          |
| bore type:                   | Straight                       |
| finish/coating:              | Uncoated                       |
| number of rows:              | 1                              |
| closure type:                | Open                           |
| internal clearance:          | C0                             |
| outer ring width:            | 65 mm                          |
| ring separation:             | Separable Outer Ring           |
| fillet radius:               | 3 mm                           |
| operating temperature range: | -30 to +150 °C                 |
| series:                      | NJ2                            |
| dynamic load capacity:       | 950000 N                       |
