

# INA GE17-UK-2RS plain bearings

We 0.4375 in d Provide Extensive INA GE17-UK-2RS plain bearings Selection And Competitive 7 ° misalignment angle: Wholesale Pricing.

d	0.4375 in
radial static load capacity:	13660 lbf
misalignment angle:	7 °
operating temperature range:	Max 250 °F
shank thread length:	1.3750 in
head diameter:	1.1250 in
rod end type:	Male Threaded
head width:	0.4370 in
shank thread size:	7/16-20
ball width:	0.5620 in
thread direction:	Left Hand
length to ball center:	2.1250 in
grade:	Precision Extra Capacity
overall height:	2.6875 in
thread type:	UNF-3A
series:	Heim®
lubrication type:	Non-Lubricatable
manufacturer product page:	<a href="#">Click here</a>
housing material:	4130 or 4340 Alloy Steel
Weight	0.17 lbs
ball material:	52100 Alloy Steel
manufacturer upc number:	637400152697

race material:	Aluminum Bronze
