

# ISB 23184 K spherical roller bearings

How do I place an EMERGENCY 1.6875 in d order for a ISB 23184 K spherical roller bearings Two-Bolt Base mounting: that I want to pick up at a our store?

|                               |                               |
|-------------------------------|-------------------------------|
| mounting:                     | Two-Bolt Base                 |
| overall height:               | 4.3125 in                     |
| d                             | 1.6875 in                     |
| finish/coating:               | Powder Coated                 |
| bore type:                    | Round                         |
| B                             | 1-61/64 in                    |
| base to bore centerline:      | 2.1250 in                     |
| radial dynamic load capacity: | 6250 lb                       |
| duty type:                    | Normal Duty                   |
| radial static load capacity:  | 4590 lb                       |
| housing material:             | Cast Iron                     |
| base width:                   | 2 in                          |
| locking device:               | Centrik-Lok                   |
| D                             | 5-5/8 in                      |
| seal type:                    | Contact/Lip                   |
| maximum rpm:                  | 4000 RPM                      |
| expansion type:               | Non-Expansion Bearing (Fixed) |
| lubrication type:             | Lubrication Fitting           |
| overall length:               | 7.2500 in                     |
| series:                       | 200                           |
