## ISB 31310J/DF tapered roller bearings

ISB 31310J/DF tapered roller bearings Manufacturers , Online Wholesale Suppliers  $\_$  ! 1.5000 in d

|                               | i                             |
|-------------------------------|-------------------------------|
| d                             | 1.5000 in                     |
| radial static load capacity:  | 3210 lbf                      |
| bolt circle diameter:         | 4.7188 in                     |
| seal type:                    | Dual Lip with Slinger         |
| В                             | 5.7031 in                     |
| length through bore:          | 1.937 in                      |
| bore type:                    | Round                         |
| pilot diameter:               | 3-15/16 in                    |
| duty type:                    | Standard Duty                 |
| unit standoff:                | 1-5/8 in                      |
| mounting type:                | Four-Bolt Piloted             |
| bolt size:                    | 1/2                           |
| housing material:             | Cast Iron – Nickel Protection |
| lubrication type:             | Lubrication Fitting           |
| locking device:               | Set Screw                     |
| series:                       | MUCFC200NPRF                  |
| radial dynamic load capacity: | 5600 lbf                      |
| replacement bearing:          | MUC208-24RF                   |
|                               |                               |
