

# ISB 613800ZZ deep groove ball bearings

offers a ISB 613800ZZ deep groove ball bearings 2-1/4 in base width: selection of Genuine at Wholesale Prices. We are 1.5000 in d a ISB 613800ZZ deep groove ball bearings Certified Parts Retailer

|                               |                              |
|-------------------------------|------------------------------|
| d                             | 1.5000 in                    |
| base width:                   | 2-1/4 in                     |
| overall length:               | 6.8750 in                    |
| expansion type:               | Expansion Bearing (Floating) |
| overall height:               | 3.8750 in                    |
| finish/coating:               | Powder Coated                |
| mounting:                     | Two-Bolt Base                |
| B                             | 2-7/8 in                     |
| bearing type:                 | Spherical Roller             |
| seal type:                    | Clearance/Non-Contact        |
| bore type:                    | Round                        |
| radial dynamic load capacity: | 15900 lb                     |
| housing construction:         | Solid Pillow Block           |
| radial static load capacity:  | 16000 lb                     |
| base to bore centerline:      | 1.8750 in                    |
| maximum rpm:                  | 5250 RPM                     |
| housing material:             | Steel                        |
| lubrication type:             | Lubrication Fitting          |
| locking device:               | Concentric Collar            |
| series:                       | 2000                         |
| D                             | 5 in                         |
