

# NBS K 6x9x10 TN needle roller bearings

Enjoy High Margins on Competitive Pricing.Great Wholesale Products at Low 80 mm d Costs.

|                               |                                   |
|-------------------------------|-----------------------------------|
| d                             | 80 mm                             |
| inner ring material:          | Chrome-Plated Steel               |
| D                             | 130 mm                            |
| outer ring width:             | 50 mm                             |
| misalignment angle:           | 14 °                              |
| race material:                | PTFE Composite                    |
| inner ring width:             | 75 mm                             |
| radial static load capacity:  | 2300000 N                         |
| bearing type:                 | Radial                            |
| radial dynamic load capacity: | 1380000 N                         |
| lubrication type:             | Maintenance Free/Self-Lubricating |
| operating temperature range:  | -30 to +130 °C                    |
| closure type:                 | Sealed                            |
| standards met:                | ISO-12 240-1                      |
| outer ring material:          | Steel                             |
