

# NKE RASE 50-N bearing units

How do I place an EMERGENCY 3 in d order for Non-Expansion Bearing (Fixed) expansion type: a NKE RASE 50-N bearing units that I want to pick up at a our store?

|                               |                               |
|-------------------------------|-------------------------------|
| d                             | 3 in                          |
| expansion type:               | Non-Expansion Bearing (Fixed) |
| D                             | 6.0156 in                     |
| seal type:                    | Contact/Lip                   |
| B                             | 7.7500 in                     |
| overall depth:                | 4 in                          |
| overall height:               | 7-3/4 in                      |
| radial dynamic load capacity: | 57750 lbf                     |
| flange mounting type:         | Four-Bolt Square              |
| radial static load capacity:  | 71500 lbf                     |
| bearing type:                 | Spherical Roller              |
| maximum rpm:                  | 1700 RPM                      |
| bore type:                    | Round                         |
| finish/coating:               | Powder Coated                 |
| duty type:                    | Normal Duty                   |
| lubrication type:             | Lubrication Fitting           |
| housing material:             | Cast Iron                     |
| series:                       | 2000                          |
| locking device:               | Concentric Collar             |
