

# NSK 22334CAKE4 spherical roller bearings

NSK 22334CAKE4 spherical roller bearings manufacturer and global supplier of reliable ball and roller ... 4000 psi maximum p value: NSK 22334CAKE4 spherical roller bearings Industries Products Manufacturing & Engineering and 1-11/16 in d Agricultural Bearings designed to meet the unique requirements of our targeted industries. 2-1/16 in D

|                              |                                       |
|------------------------------|---------------------------------------|
| d                            | 1-11/16 in                            |
| maximum p value:             | 4000 psi                              |
| D                            | 2-1/16 in                             |
| maximum v value:             | 750 fp/min                            |
| overall length:              | 3 in                                  |
| material specification:      | SAE 660 (C932)                        |
| sleeve bearing type:         | Plain Sleeve                          |
| standards met:               | 83-7-7-3, ASTM B505, CDA 932, SAE 660 |
| bearing material:            | Cast Bronze C93200 (SAE 660)          |
| Weight                       | 1.044 lbs                             |
| groove/plug type:            | None                                  |
| manufacturer catalog:        | <a href="#">Click here</a>            |
| operating temperature range: | Max 500 °F                            |
| manufacturer upc number:     | 717905065224                          |
| maximum pv value:            | 75000                                 |
