

NSK HR32919J tapered roller bearings

Various types and 3/4 in d sizes to accommodate your NSK HR32919J tapered roller bearings requirements.

d	3/4 in
bearing material:	Sintered Bronze Oil-Impregnated
D	1-1/8 in
material specification:	CT-1000-K26, SAE841
overall length:	5/8 in
standards met:	RoHS, REACH, DRC Conflice Free
harmonization code:	848330
sleeve bearing type:	Flanged Bearing
iso grade:	9001:2008 & 14001:2004
flange width:	1/8 in
series:	SF
