

# NTN 30308C tapered roller bearings

Welcome to the NTN 30308C tapered roller bearings online 1.1875 in d seller. Two-Bolt Base mounting:

|                               |                               |
|-------------------------------|-------------------------------|
| mounting:                     | Two-Bolt Base                 |
| finish/coating:               | Uncoated                      |
| d                             | 1.1875 in                     |
| B                             | 1-9/16 in                     |
| bore type:                    | Round                         |
| operating temperature range:  | -20 to +200 °F                |
| base to bore centerline:      | 1.6875 in                     |
| radial dynamic load capacity: | 4381 lb                       |
| duty type:                    | Normal Duty                   |
| radial static load capacity:  | 2567 lb                       |
| housing material:             | Cast Iron                     |
| base width:                   | 1-3/4 in                      |
| locking device:               | Concentric Collar             |
| D                             | 4-3/16 to 5-1/16 in           |
| seal type:                    | Contact with Flinger          |
| maximum rpm:                  | 4500 RPM                      |
| expansion type:               | Non-Expansion Bearing (Fixed) |
| lubrication type:             | Lubrication Fitting           |
| overall length:               | 6.1875 in                     |
| series:                       | VPB 200                       |
| overall height:               | 3.2813 in                     |
| replacement bearing:          | VB-219                        |
