

# NTN 32920X tapered roller bearings

NTN 32920X tapered roller bearings with easy-to-use parts graphics, giving you the ability to check 38 mm d parts availability, pricing, examine remanufactured 52 mm D options.

|                              |                              |
|------------------------------|------------------------------|
| d                            | 38 mm                        |
| maximum pv value:            | 2.45 N/mm <sup>2</sup> – m/s |
| D                            | 52 mm                        |
| maximum p value:             | 17.5 N/mm <sup>2</sup>       |
| overall length:              | 30 mm                        |
| maximum v value:             | 0.85 m/s SFPM                |
| material specification:      | 80                           |
| sleeve bearing type:         | Flanged Bushing              |
| standards met:               | RoHS                         |
| flange width:                | 2 mm                         |
| series:                      | 80F                          |
| bearing material:            | Polyacetal                   |
| additional details:          | Lead Free                    |
| operating temperature range: | -40 to 176 °F                |
