

# NTN 7002HTDF/GMP5 angular contact ball bearings

Manufacturers of all Lubrication Fitting lubrication type: are represented in our partial list of clients. Contact Gary Side Mount unit type: for a complete NTN 7002HTDF/GMP5 angular contact ball bearings list of clients and projects.

|                              |                               |
|------------------------------|-------------------------------|
| unit type:                   | Side Mount                    |
| lubrication type:            | Lubrication Fitting           |
| bearing type:                | Spherical Roller              |
| dynamic load capacity:       | 46400 lbs                     |
| d                            | 2.4375 in                     |
| radial static load capacity: | 48600 lbs                     |
| slot spacing:                | 5.1300 in                     |
| expansion type:              | Non-Expansion Bearing (Fixed) |
| slot width:                  | 1.0600 in                     |
| B                            | 3.5700 in                     |
| housing material:            | Cast Steel                    |
| rod hole diameter:           | 1.3100 in                     |
| locking device:              | Eccentric Collar              |
| manufacturer product page:   | <a href="#">Click here</a>    |
| overall length:              | 7.6300 in                     |
| manufacturer upc number:     | 883450102643                  |
| overall height:              | 5.8800 in                     |
| Weight                       | 27 lbs                        |
