

# NTN CRD-5222 tapered roller bearings

Can't find what you're 500 mm D looking for NTN CRD-5222 tapered roller bearings ? Our expert Representatives 300 mm d be in contact with you shortly!

|                              |                           |
|------------------------------|---------------------------|
| d                            | 300 mm                    |
| operating temperature range: | -65 to +392 °F            |
| D                            | 500 mm                    |
| cage material:               | Brass Cage                |
| B                            | 160 mm                    |
| bearing material:            | Chrome Steel              |
| bore type:                   | Straight                  |
| cage type:                   | One-Piece                 |
| outer ring type:             | Not Split                 |
| precision rating:            | Not Rated                 |
| internal clearance:          | C3                        |
| finish/coating:              | Uncoated                  |
| closure type:                | Open                      |
| outer ring width:            | 160 mm                    |
| lubrication hole type:       | Lubrication Groove & Hole |
| fillet radius:               | 4 mm                      |
| dynamic load capacity:       | 691000 lbf                |
| series:                      | 231                       |
| static load capacity:        | 1150000 lbf               |
| manufacturer upc number:     | 087796170193              |
| maximum rpm:                 | 710 RPM                   |
