

# SKF 33213 TN9/Q tapered roller bearings

SKF 33213 TN9/Q tapered roller bearings with easy-to-use parts graphics, giving you the ability to check parts 9/16 in d availability, pricing, examine remanufactured options.

|                              |                                       |
|------------------------------|---------------------------------------|
| d                            | 9/16 in                               |
| maximum p value:             | 4000 psi                              |
| D                            | 3/4 in                                |
| maximum v value:             | 750 fp/min                            |
| overall length:              | 2 in                                  |
| material specification:      | SAE 660 (C932)                        |
| sleeve bearing type:         | Plain Sleeve                          |
| standards met:               | 83-7-7-3, ASTM B505, CDA 932, SAE 660 |
| bearing material:            | Cast Bronze C93200 (SAE 660)          |
| Weight                       | 0.129 lb                              |
| groove/plug type:            | None                                  |
| manufacturer catalog:        | <a href="#">Click here</a>            |
| operating temperature range: | Max 500 °F                            |
| manufacturer upc number:     | 717905059872                          |
| maximum pv value:            | 75000                                 |
