

# SKF NUP 232 ECM thrust ball bearings

SKF NUP 232 ECM thrust ball bearings with easy-to-use parts graphics, giving you the ability to 75 mm d 130 mm D check parts availability, pricing, examine remanufactured options.

|                               |                      |
|-------------------------------|----------------------|
| d                             | 75 mm                |
| radial dynamic load capacity: | 20400 lb             |
| D                             | 130 mm               |
| radial static load capacity:  | 14600 lb             |
| B                             | 25 mm                |
| maximum rpm:                  | 10800 RPM            |
| contact angle:                | 15 °                 |
| finish/coating:               | Uncoated             |
| internal clearance:           | C0                   |
| outer ring width:             | 25 mm                |
| ball screw application:       | Not for Ball Screws  |
| fillet radius:                | 1.5 mm               |
| closure type:                 | Open                 |
| series:                       | 2MM200WI             |
| precision rating:             | ABEC 7 (ISO Class 4) |
| standards met:                | ABMA                 |
