

# Timken E40KRRB deep groove ball bearings

What is Timken E40KRRB deep groove ball bearings in mechanical engineering? Manufacturing Service Available Volume Discount . Upload your CAD file for an 6 RoHS instant.

|                          |                                      |
|--------------------------|--------------------------------------|
| Volume Discount          | Available                            |
| Days to Ship             | 7 Days                               |
| RoHS                     | 6                                    |
| Bearing I.D. d(mm)       | 10                                   |
| Bearing Material         | [Steel] Steel                        |
| Housing Material         | [Aluminum Alloy] 2017 Aluminum Alloy |
| Flange Shape             | Compact Type                         |
| Width T(mm)              | 40                                   |
| Holder Surface Treatment | Clear Anodize                        |
| Bearing Part Number      | 6900                                 |
| Seals                    | DD (Contact Rubber Seal)             |
| Flange O.D. H( $\phi$ )  | 47                                   |
| Shape                    | Flanged Pilot Type                   |
| Bearing Used             | Deep Groove Ball Bearings            |
| Bearing Retained         | Yes (with retaining ring)            |
| Number of Bearings       | Double                               |
| Type                     | Bearings with Housings               |
