

# Toyana 618/8 deep groove ball bearings

Browse Toyana 618/8 deep groove ball bearings 534 mm inside diameter: Categories in the Manufacturers Online Free. 748 mm D including 45000 lbf axial dynamic load capacity: .

|                               |                                |
|-------------------------------|--------------------------------|
| inside diameter:              | 534 mm                         |
| axial dynamic load capacity:  | 45000 lbf                      |
| D                             | 748 mm                         |
| axial static load capacity:   | 102000 lbf                     |
| B                             | 56 mm                          |
| operating temperature range:  | -25 to +80 °C                  |
| bearing type:                 | Four-Point Contact             |
| bolt circle diameters:        | 562 (Inner) mm, 720 (Outer) mm |
| gear type:                    | No Gear                        |
| number of mounting holes:     | 12 (Outer), 16 (Inner)         |
| radial dynamic load capacity: | 29500 lbf                      |
| closure type:                 | Double Seal                    |
| radial static load capacity:  | 38500 lbf                      |
| series:                       | VLU                            |
