

# Toyana NF3238 cylindrical roller bearings

are a few brands you will find in our inventory. Find Toyana NF3238 cylindrical roller bearings to see what's 0.4375 in d in stock!

|                              |  |
|------------------------------|--|
| d                            | 0.4375 in                                  |
| radial static load capacity: | 5000 lb                                    |
| misalignment angle:          | 7 °  |
| axial static load capacity:  | 500 lb                                     |
| shank thread length:         | 1.3440 in                                  |
| lubrication:                 | Grease                                     |
| rod end type:                | Male Threaded                              |
| operating temperature range: | Max 350°                                   |
| shank thread size:           | 7/16-20                                    |
| head diameter:               | 1.1250 in                                  |
| thread direction:            | Right Hand                                 |
| head width:                  | .4370 in                                   |
| grade:                       | Commercial                                 |
| ball width:                  | .5620 in                                   |
| lubrication type:            | No Fitting                                 |
| length to ball center:       | 2.1250 in                                  |
| housing material:            | Carbon Steel – corrosion resistant plating |
| series:                      | TM   |
| ball material:               | Alloy Steel – heat treated – chrome plated |
| manufacturer catalog number: | 1420700000                                 |

race material:

Bronze
