

# Toyana QJ321 angular contact ball bearings

What are the 1.4375 in D types of Toyana QJ321 angular contact ball bearings ? Manufacturing Service 0.7500 in d . Get Your Free, Instant price, design review.

d	0.7500 in
axial static load capacity:	32000 lbf
D	1.4375 in
operating temperature range:	-30 to 300 °F
misalignment angle:	7 °
ball diameter:	1.1870 in
inner ring width:	0.7500 in
B	0.7500 in
bearing type:	Radial
bearing material:	52100 Bearing Steel
lubrication type:	Requires Lubrication
series:	Heim®
closure type:	Open
Weight	0.21 lbs
outer ring material:	4130 or 4340 Alloy Steel
manufacturer product page:	<a href="#">Click here</a>
outer ring width:	0.5930 in
manufacturer upc number:	637400156824
radial static load capacity:	30000 lbf
